

## Molly Mank

Graduate Architect / 3 Years at CDA

### Profile

*Molly Mank joined CDA on the heels of her graduation from Penn State in June of 2019. There, her graduate thesis explored how design might serve as a remedial tool in the Pennsylvania opioid crisis. She retains an active interest in how architecture might address the economic and environmental issues unique to the Appalachian region. Molly has progressed quickly in a professional setting and is a trusted member of the CDA team due to her sincere commitment to the work and thoughtfulness.*
